1. Intelligence from RTIC indicate that the EA indirectly effected the convoy from Chilliwack to PAC Border Crossing. Some chose to stop at 176 and 32nd, Surrey instead of proceeding further to 176 and 8th. This was corroborated by surveillance.
2. The Hwy 16 group that did not materialize in Houston was reported to have said they "did not want their bank account shut down".
3. Glen Fishbook advised that it is clear at 176th, the protestors are not "pushing their luck" presumably as a result of EA.

**It is pretty clear anecdotally that the financial penalties are scaring people off.

NHQ is looking for any instances where we know the EA had an effect indirectly or our members have warned about the EA to any group or individual. They are looking for the jurisdiction, date and what/how it was messaged.

For eg: The PR in Delta. Did DLT speak to them about the EA. In Smithers did our members speak to anyone before they cancelled it. Have we any info of the EA preventing or limiting a protest.

Sorry need that info by 2000 tonight.

Regards,
John
